LICENSE OF

Administrative Action

ANGELA D. SARABO, L.P.N.
LICENSE #26NP06234900

ORDER OF
REINSTATEMENT OF LICENSE

TO PRACTICE AS A
LICENSED PRACTICAL NURSE
IN THE STATE OF NEW JERSEY

This matter was opened to the New Jersey State Board of Nursing ("Board") upon receipt of respondent's petition for reinstatement of her nursing license. Ms. Sarabo's license had been suspended by means of an April 7, 2014 Final Order of

Discipline, based upon her failure to document completion of required nursing continuing education for the June 1, 2011-May 31, 2013 biennial period. Moreover, a reprimand was imposed by the 2014 order based upon a finding that respondent submitted nurse's notes indicating that she had provided home care services for a client on February 9, 2013, a date when the client was hospitalized.

In addition, a reprimand was imposed for Ms. Sarabo's having engaged in misrepresentation on her 2013 renewal application by indicating that she would have completed all required continuing education for the 2011-2013 renewal period by May 31, 2013. A \$250 civil penalty was also imposed for the violation of N.J.A.C. 13:37-5.3, in that she failed to timely complete continuing education for the 2011-2013 licensing cycle. Ms. Sarabo has paid that penalty, and has documented completion of a Board-approved nursing ethics course, also required of her by the 2014 Final Order of Discipline.

Respondent has submitted all required nursing continuing education with her petition for reinstatement, and maintains that she has fully familiarized herself with the rules, ethics and guidelines of nursing, and intends to conduct herself in a professional manner in her nursing practice.

The Board finding that reinstatement of respondent's license to practice nursing is appropriate at this time, as

respondent has satisfied the terms of the 2014 Final Order of Discipline, and for other good cause shown;

IT IS, ON THIS *4th* DAY OF *August*, 2015
HEREBY ORDERED THAT:

1. Respondent's petition for reinstatement of her license to practice nursing in the State of New Jersey is granted upon review and approval of a completed application for reinstatement, if not already submitted, along with any requisite fees, information, and required continuing education, and the Criminal History Background Check, if applicable.
